

DairyTracker™ For Fluid Milk Bottlers

Inventory Management System

014300012906

- † 99.9% Inventory accuracy
- † 50-100% Less search time
- † 20-30% Less labor hours
- † UPC Customer compliance
- † True shrink costing
- † Real time yield analysis
- † Federal MA reporting

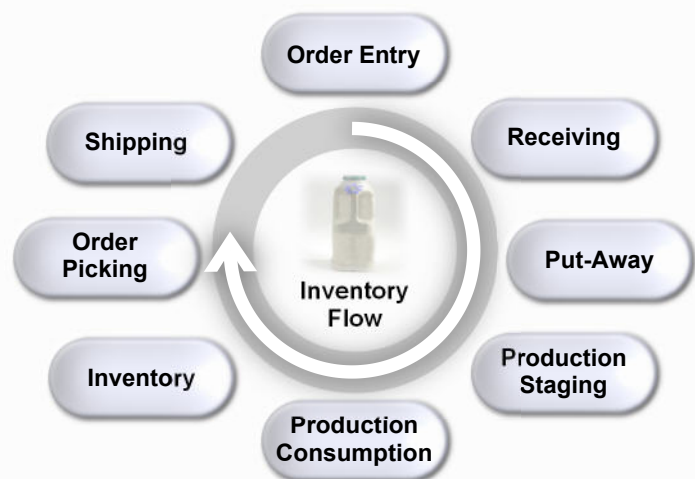

Complete systems include:

† System for finished goods inventory tracking includes:

- Hardware - Barcode Scanners, Barcode Printer, Wireless Receiver, and PC
- Software - Sql Server, Windows O/S, Barcode, Printer, DSI Inventory
- Engineering - System Study, Equipment Selection, Project Management
- Services - Staging, Start-up, Training, System Support

- † Common SQL Server Dbase
- † Single source accountability
- † XML, VB.net flexibility
- † 90% out of box compatibility
- † Modular system design
- † MicroSoft Windows XP O/S
- † Very user friendly
- † Direct financials interface
- † Dashboard reporting
- † Barcode Scanner and IVR
- † Batch and lot recall

DairyTracker™ Functional Groups

DairyTracker Inventory Specific Features

Function	Feature	System A	System B	System C
Order Entry	Auto reorder min / max settings	X	X	
	Multiple configurable units of measure	X	X	X
	PO screen reviews by order	X	X	
	Over 50 user configurable functions	X	X	
	Open order - stock reviews before order	X	X	
Receiving	Receipt advance ship notice A.C.N.	X		
	Cross-docking	X		
	Item, case, pallet UPC labeling	X		
	Pallet build, modify, move - repacking	X	X	X
	Product hold staging and grading	X	X	X
	PO verification by line item and RMA's	X		
	Lot and batch tracking	X	X	X
Put-Away	Unlimited SKU's	X	X	X
	Multi-tier stock locations	X	X	X
	Put-away storage location reference	X	X	X
	Pallet modify for space maximization	X	X	X
Production Staging	Flow-through, zoning, random, put-aways	X	X	X
	FIFO/LIFO picking per production order	X		
	Pallet build, modify, move per order	X	X	X
	Production sequencing by order groups	X		
	WIP management	X	X	X
Production	Raw material and dairy liquid consumption	X		
	Batch and lot production tracking	X		
	Shrink and yield reporting by batch, lot	X		
Inventory	Warehouse transfers & mobile warehouse	X	X	X
	Cycle counting and inventory recall	X	X	X
	Stock customer reserves and holds	X	X	X
	Inventory historical reporting by lot, batch	X	X	X
	Weight verification and stacking heights	X	X	X
	Pallet build, modify, move	X	X	X
	Aging, expiration, and recall	X	X	X
Order Picking	LIFO / FIFO / lot / batch picking	X	X	
	Truck loading verification	X	X	
	Adjustments for spoilage and leakers	X	X	X
Shipping	Electronic shipping papers	X	X	
	ASN to 3rd party via EDI	X	X	
Financials	Integration with G/L, A/R, A/P Recosting	X	X
